Dear Parent/Carer,

Visit to the National Museum of Computing at Bletchley Park, near Milton Keynes, 27th February 2019, 8.30am – 4.30pm

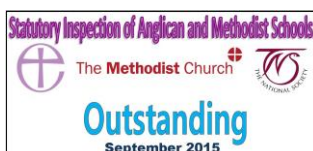

Your child is invited to apply to participate in this visit, which will support learning in Computer Science and ICT. Students will find their understanding of the subject enhanced and inspired by the history of computing. The visit will include the following programme of activities: World War 2 code breaking with Tunny & Colossus, women in computing, the world's oldest continual working computer - WITCH & EDSAC, 2nd Generation computing, and an experience of an 1980's computer classroom.

It is necessary to ask for a payment of £24 per participant. This contribution will go towards the entrance fee, cost of travel and cost of educational guides whilst onsite. The first 45 students who return the form and complete the payment will be registered on the trip. Any additional students who wish to go on this popular trip will be placed on a waiting list.

Students attending this visit will need to have a record of good behaviour and demonstrate that they can obey safety and other rules. Anyone whose behaviour becomes unacceptable may be required to return home early and any expenses incurred will be the responsibility of parents/carers.

All students will need a packed lunch and drink (which should not include glass bottles). Only drinks and snacks are available at the venue. The visit to the museum will be mostly indoors, but sensible clothes and shoes should be worn for the time of the year.

A small amount of pocket money up to a maximum amount of £10.00 may be brought for which your son/daughter will be responsible. There is a small visitor's shop which sells memorabilia relating to the museum.
