

THE YOUNG MATHEMATICAL STORY AUTHORS COMPETITION

www.MathsThroughStories.org/competitions

The Young Mathematical Story Authors (YMSA) competition is the world's first annual international competition set up to encourage young mathematics learners (8-15 years old) globally to embed their mathematics learning in a meaningful and engaging context through creating short mathematical story picture books.

This competition is organised by the non-profit research-based international initiative, called **MathsThroughStories.org**. Since its launch in 2019, the competition has received entries from almost 3,000 students across over 200 schools in 21 countries.

Awards

The **Stuart J. Murphy Award** (the 8-11 years old entry category) and the **Cindy Neuschwander Award** (the 12-15 years old entry category) are generously sponsored by HarperCollins and Charlesbridge respectively.

The winner in each of the two entry categories will receive an award of £100, and their school will also receive £100.

Key Dates

- Entries open – Monday 8th January 2024
- Submission deadline – Friday 29th March 2024
