

# Blue Coat Church of England Academy

**Year: 8**

**Subject: French**

## Overview

In Year 8, students learn to talk about their hobbies, free-time activities and holidays. They learn about technology, sports and games, and express opinions about them. They will also learn to develop more spontaneous conversations and express agreement and disagreement with one another. They are shown how to form the past and future tenses, and learn to develop more complex sentences through the use of conjunctions and infinitive phrases. There is also a film module that students always enjoy, which helps to expand their repertoire of less common vocabulary.
