

Tips for Revising

BTEC Applied Law

SPECIFICATION

Pearson BTEC Level 3 National Certificate in Applied Law

Unit 1: Dispute Solving in Civil Law, externally assessed.

Unit 2: Investigating Aspects of Criminal Law and the Legal System, internally assessed.

OVERVIEW OF UNIT 1 CONTENT

Learners explore how civil disputes are resolved, both in the courts and by alternative means. They will examine precedent and its application in the law of negligence.

This unit is assessed under supervised conditions. Learners will be given information about a case one week before a supervised assessment period in order to carry out research. The supervised assessment period is one and a half hours in one session. During the supervised assessment period, learners will be given a set task that will assess their ability to explain, analyse and make informed judgements relating to precedent and its application in the law of negligence

OVERVIEW OF UNIT 2 CONTENT

Learners research how laws are made and interpreted, who advises and decides on the outcome of criminal cases and the punishments that can be imposed if laws are broken. They will then present advice to clients on non-fatal offence case studies.

In this unit you will:

- A - Explore how statutory rules are made and interpreted
- B - Examine how legislation is made outside of Parliament
- C - Explore the various legal personnel involved in a criminal trial
- D - Apply the key elements of crime and sentencing in non-fatal offence case studies.

REVISION TIPS

- Learn legal terminology
- Create case law summary tables
- Practice scenario-based questions

REVISION METHODS

- Take Cornell Notes as you watch Youtube Videos or read through the information on the suggested websites.
- Create a revision clock for sub-topics of each topic area.
- Respond to practice case studies.
- Create flashcards linked to each topic area.
- Plan and write practice answers.
